SUMMARY

I am an Animator and Web Developer with over 5 years of experience in website design and systems administration. I combine technical proficiency with creative vision and am skilled in 3D animation, modeling, compositing, and motion graphics.

Known for my problem-solving abilities, adaptability, and continuous learning, I excel in dynamic environments. My disciplined, results-oriented approach ensures successful project execution, while my solid relationships and quick learning allow me to execute complex instructions efficiently.

SKILLS

Animation: 3D Modeling, UV Mapping, PBR Texturing, Texture Baking, Retopology, Low Poly / High Poly, Environment Modeling, Asset Creation, Hard Surface Modeling, Reference-based modeling, Scene optimization, LOD creation, Lighting basics, Export pipelines.

Software: Maya, Blender, Unreal Engine (basic), After Effects, Premiere Pro, Substance Painter, Photoshop, Lightroom, Audition, Storyboard Pro, Harmony.

Web Design: WordPress, HTML, CSS, JavaScript.

Additional Skills: Computer Network, Content Organization, Microsoft Office, Social Media Marketing, Time Management, Teamwork, Problem-Solving, Communication.

EXPERIENCE

Prototype 3D Concept Designer (Co-op)

Your Site Coach Inc. - Brampton, ON

04/2024 - 04/2024

Designed and developed a detailed 3D parcel in Blender to build models for real-time metaverse platforms, ensuring high-quality textures, accurate proportions, and interactive elements.

I utilized the Google Maps API to build modular buildings with clean topology, UV mapping, and PBR textures of Clifton Hill Street in Niagara City and delivered assets in FBX format for engine integration.

Web Developer

Constructora Grupo ADIN - Cartagena, Colombia

10/2019 - 03/2023

Designed, developed, and maintained responsive and user-friendly websites for all subsidiaries of the ADIN Group, ensuring seamless performance across various devices and browsers. Implemented and managed SEO strategies to improve website **visibility** and organic search rankings, driving increased site traffic. Monitored website performance, troubleshoot issues, and enhanced site speed and functionality for an enhanced user experience. Managed and improved social media platforms for the ADIN Group, increasing online presence and driving user interaction, leading to a 50% growth in social media followers.

Systems Administrator

Asesorar Inmobiliaria de Colombia - Cartagena, Colombia

11/2014 - 02/2019

Managed and streamlined social media platforms, creating and scheduling content to enhance the organization's online presence and engagement. I utilized CRM systems SIMI and WASI to manage and analyze real estate data, improving data accuracy by 20% and streamlining workflows. I performed preventive software and hardware maintenance to ensure optimal performance, reliability, and security of all systems and devices. And, I provided comprehensive training to staff on correctly using internal systems and devices, increasing productivity by 25% and promoting efficient workflows.
